

# new innovative HEAD FOOTWEAR technology

**TRIPLEX**  
SYSTEM

## HEAD TRIPLEX SYSTEM

The unique three-zonal system contributing to performance increase at the maximum possible comfort.

### Zone of Comfort

### Zone of Protection

### Zone of Support

Foot comfort is the primary prerequisite of the excellent performance.

Insole is the first foot contact with the boot.

The insole affects your fatigue - high quality insole will push your performance.

Development of the new boot has been concentrated on the very "heart" of the boot.

We have broken down the insole into three zones, each zone has its intrinsic function.

### Zone of Comfort

- the three-dimensional anatomically pre-shaped heel and central part perfectly fits in the boot inside, prevents any shift forwards or backwards.
- precise and comfortable heel seating in the boot
- antiskid surface textile insole treatment in the front part is equipped by the circulating system increasing the overall comfort

### Zone of Protection

- individual system of springing-mounting, precisely conforming to the needs of your foot
- the first phase of landing is smoothened by the heavy-duty heel elastomer spring-mounting ad.apt.III
- the polymer spring-mounting ABSORB in the front sole part is applied for the take-off
- the spring-mounting increases comfort thanks to its permeability

### Zone of Support

- the central pre-shaped insole part is stiffened to support the longitudinal sole vault.
- minimizes possible injuries, when combined with the external torsion boot stabilizer

Mutual communication and link of the three zones above reduces your fatigue effectively and increases your performance.

# GLOVES GLOVES

## ALASKA

- Nano tech fibre, leather, waterproof
- Polyfill 180g micro bemberg
- Primaloft insulation technology
- INTELLIGENT waterproof membrane
- Breathable, windstopper, all weather grip, high abrasion and rip resistance

Sizes: Lady 6,0-8,5

LADY: black - 000  
Art. no.: 3408-001

LADY: white - 100  
Art. no.: 3408-001

LADY: red - 440  
Art. no.: 3408-001

LADY: anthracite - 080  
Art. no.: 3408-001

## NEVADA

- POV micro, leather, waterproof
- Primaloft 8/4oz micro bemberg
- Primaloft insulation technology
- INTELLIGENT waterproof membrane, breathable, windstopper, all weather grip, high abrasion and rip resistance

Sizes: Lady 6,0-8,5

LADY: black - 000  
Art. no.: 3408-002

LADY: white - 100  
Art. no.: 3408-002

## GARMISCH

- Soft shell, leather
- Primaloft 8/4oz micro bemberg
- Primaloft insulation technology, breathable, windstopper, all weather grip, high abrasion and rip resistance

Sizes: Mens 8,0-10,5

MEN: black - 000  
Art. no.: 3408-003

MEN: anthracite - 080  
Art. no.: 3408-003

## EDMONTON

- Taslan, leather, polyfill 4oz micro bemberg
- Primaloft insulation technology
- INTELLIGENT waterproof membrane, breathable, windstopper, all weather grip, high abrasion and rip resistance

Sizes: Kids 4,5,6

JUNIOR: black - 000  
Art. no.: 3408-007

JUNIOR: blue -550  
Art. no.: 3408-007

## DAKOTA

- Taslan, leather, polyfill 4oz micro bemberg
- Primaloft insulation technology
- INTELLIGENT waterproof membrane, breathable, windstopper,
- All weather grip, high abrasion and rip resistance

Sizes: Kids 4,5,6

JUNIOR: black - 000  
Art. no.: 3408-008

JUNIOR: red - 440  
Art. no.: 3408-008

## ASPEN

- Duralon HBC, HYPER dura WR
- Polyfill 180g micro bemberg
- Primaloft insulation technology
- INTELLIGENT waterproof membrane, breathable, windstopper, all weather grip, high abrasion and rip resistance

Sizes: Mens 8,0-10,5

MEN: red - 440  
Art. no.: 3408-004

MEN: black - 000  
Art. no.: 3408-004

MEN: orange - 280  
Art. no.: 3408-004

## ANDORA

- Soft codura
- HYPER dura WR
- Fibrefill 12oz back / 8oz palm
- Primaloft insulation technology
- INTELLIGENT waterproof membrane, breathable, windstopper, all weather grip, high abrasion and rip resistance

Sizes: Kids Snowboard 4,5,6

JUNIOR: orange - 280  
Art. no.: 3408-009

JUNIOR: white - 100  
Art. no.: 3408-009

JUNIOR: black - 000  
Art. no.: 3408-009

## COLORADO

- Soft codura, HYPER dura WR
- Fibrefill 12oz back / 8oz palm
- Primaloft insulation technology
- INTELLIGENT waterproof membrane, breathable, windstopper, all weather grip, high abrasion and rip resistance

Sizes: Snowboard 6,5-10,5

UNISEX: white - 100  
Art. no.: 3408-005

UNISEX: orange - 280  
Art. no.: 3408-005

UNISEX: black - 000  
Art. no.: 3408-005

## CHAMONIX

- Elastic, soft shell, Korean shamude, micro bemberg
- Primaloft insulation technology, breathable, windstopper, all weather grip

Sizes: Multisport 6,0-10,5

UNISEX: black - 000  
Art. no.: 3408-006

UNISEX: red - 440  
Art. no.: 3408-006

# TOP QUALITY SYMBOLS

HEAD PERFORMANCE SHOES FEATURE A NUMBER OF ADVANCED TECHNOLOGIES AND ARE MADE FROM HIGHLY DURABLE MATERIALS. THE MODELS ARE SHOWN HERE WITH THE FOLLOWING TRADEMARKS, LABELS OR ICONS WHICH HIGHLIGHT THE FEATURES AND BENEFITS OF EACH SHOE.

## Triplex system

**Features:** The unique three-zonal system contributing to performance increase at the maximum possible comfort.

**Benefits:** Zone of Comfort, Zone of Protection, Zone of Support

## Sympatex

THE CLOSED, HYDROPHILIC SYMPATEX MEMBRANE IS A TOTALLY SECURE BARRIER PREVENTING THE PENETRATION OF MOISTURE FROM THE OUTSIDE, MAKING IT 100% WATERPROOF.

## Vibram®

**Features:** DECADES OF EXPERIENCE IN OUTSOLE DESIGNCRAFTING, COMBINED WITH SUPERIOR RUBBER COMPOUND QUALITY ENSURE UNIQUE PROPERTIES UNDER ALL CONDITIONS - WARM OR COLD, ON WET OR DRY SURFACES.

**Benefits:** GREAT TRACTION AND TERRAIN ADAPTATION, PROLONGS SHOE LIVENESS, DURABILITY.

## Thinsulate™

### Thinsulate™

**Features:** Thinsulate™ thermo insulation to support sports under extreme weather conditions, 1,75 mm strong insole board.

**Benefits:** the lightest synthetic insulation in the market, thin, keeps much more body heat - less heat loss, ability to retain warmth when wet even in damp conditions.

## Stabilizer

**Features:** THE STABILIZER IS DESIGNED TO SUPPORT THE FOOT AND PROVIDE TORSIONAL CONTROL DURING LATERAL MOVEMENTS. IT IS INTEGRATED INTO THE MIDSOLE OF THE SHOE AND OFTEN ACTS AS A BRIDGE BETWEEN THE FOREFOOT AND REARFOOT AREAS.

**Benefits:** BETTER STABILITY AND TORSION CONTROL REDUCE THE RISK OF INJURY.

## Non marking

**Features:** EXCELLENT WEAR RESISTANCE, RUBBER OUTSOLE MADE OF CARBON-FREE MATERIAL.

**Benefits:** THE SHOE LEAVES NO MARKS ON INDOOR SURFACES REGARDLESS OF THE OUTSOLE COLOUR.

## Dura.dry

**Features:** WEATHER-PROOF DESIGN, HIGH-QUALITY MATERIALS AND ADEQUATE BREATHABILITY.

**Benefits:** WATER AND MOISTURE PROTECTION.

## Toe protector

**Features:** PROLONGED OUTSOLE TO TOE AREA FOR BETTER TOE PROTECTION.

**Benefits:** PROLONGS LIFETIME, BETTER TRACTION.

## TKK light II

**Features:** LIGHTWEIGHT RUBBER WITH PHYLON MIDSOLE WITH EXCELLENT TRACTION.

**Benefits:** LOW WEIGHT, MAXIMUM TRACTION.
